

Campus Chairs Update January 2017

Bargaining Update

On November 18, your bargaining committee sent a letter to Sask Polytech indicating our readiness to bargain and proposed numerous dates starting in January 2017. We were informed on Tuesday, January 3, that Sask Polytech is finalizing their bargaining package and will be ready to establish dates in early February.

Parking Petition

We have developed an online parking petition. Watch your email for information on how to let your voice be heard.

Collective Agreement

Your bargaining committee wants to remind all members that even though our collective agreement expired on June 30, 2016, it remains active until a new agreement is reached. Once a tentative agreement is reached between your bargaining committee and Sask Polytech, you as a member will have the chance to review the changes before it is ratified.

Acting Campus Chair

Cathy Van Goethem will be covering as campus chair while Terri Wale is on leave.
