

Campus Chairs Update October 2016

Bargaining Update

Bargaining dates for September, October and November have been cancelled by management. We still have dates for December and are hoping to get to the table then.

LTD Committee Representative

A PSBU representative is required for the SGEU long term disability (LTD) committee. This is a three (3) year term. Detailed information on this committee is available on <http://www.sgeu.org/ltd>. If you are interested in this position, send your name to Bonnie Bond, Bargaining Chair (bond@saskpolytech.ca) by Friday October 28. If an election is needed, it will be held on Wednesday, November 9.

Electronic Voting

We recently used *Survey Monkey* to do electronic voting for our harassment prevention committee representative. We experienced a few glitches, but overall it went well. We received 140 votes from our approximate 700 members. Our intention is to use the feedback provided (i.e. more information on candidates) on our next electronic vote. Watch for your opportunity to vote for our LTD rep.

Extended Health Plan

Your bargaining committee is reviewing options included in our extended health plan and welcome input from members. If you have suggestions on possible enhancements, i.e. point of sale cards, contact your local campus chair.

Long Service Awards

There are numerous PSBU members that are being recognized this month at their local campus city long service event. Congratulations to everyone – we appreciate your dedication!

In solidarity,

Bonnie Bond
